

HONEY BEE™ DEODORANT PAK 44

by Cee-Bee®

d a t a s h e e t

HONEY BEE DEODORANT PAK 44 is a powerful quaternary amine-based deodorant contained in water-soluble paks for use in aircraft toilets.

BENEFITS

- Controls odors for long periods of time.
- Dispels toilet odors quickly.
- Safe on all materials commonly used in construction of aircraft.
- Easy to handle. The pak will dissolve when added to water, eliminating the spillage and dusting usually encountered when opening paks prior to addition.
- Contains no phenolics, formaldehyde or heavy metals.
- New high tech quaternary formulation for powerful long-lasting results.

CONFORMS TO:

- **AMS 1476B**
- **BOEING D6-17487, REVISION "L"**
- **DOUGLAS CSD-3**

Honey Bee Pak 44 Product Code # 25147**

NOTES PRIOR TO HANDLING

Before using you McGean-Rohco, inc. products, all safety and operating instructions should be read and understood. If you have any questions, please contact your McGean-Rohco representative before proceeding.

USE PROCEDURES

1. Charge the toilet holding tank with clean, clear water as instructed in the aircraft manual.
2. Use one (1) Honey Bee Deodorant Pak 44 for five (5) gallons of water initially charged into the aircraft toilet holding tank.
3. Place required deodorant paks into the toilet bowl. Flush several times to dissolve.

Example: If the holding tank is initially charged with ten (10) gallons of water, use two (2) deodorant paks.

PROPERTIES

- A pleasantly scented blue powder contained in water-soluble paks.

PRECAUTIONS

- The deodorant powder and solution should not be allowed to contact eyes.
- In case of accidental contact, flood with water for 15 minutes. If any irritation persists, seek medical attention.

Note: Toilet tank holds from 3 1/2 - 5 gallons.
