## NOTES PRIOR TO HANDLING

**Before using your McGean-Rohco, Inc. products, all safety and operating instructions should be read and understood. If you have any questions, please contact your McGean-Rohco representative before proceeding.**

## USE PROCEDURES

### **Cleaning walls, seats and windows:**

1. Mix 1 part cleaner with 10 parts water.
2. Apply with clean cloths wet with cleaning solution, or spray on using non-atomizing spray equipment.
3. Wipe off with clean, dry cloths.

### **Controlling odors from food spills and preventing corrosion caused by food residues:**

1. Mix 1 part cleaner with 10 parts water.
2. Spray on using non-atomizing spray equipment or apply with mops or rags.
3. Allow to dwell. **DO NOT RINSE.**

### **Removing oil and other soils from aircraft integral fuel tanks:**

1. Mix 1 part cleaner with 5 to 10 parts water. Apply with brush mop or non-atomizing spray equipment or use a fill and drain method.
2. Allow to dwell at least 30 minutes at 70 F or above. Thoroughly spray rinse with water to avoid contamination of fuel, making certain trapped areas are completely rinsed.
3. Wipe dry with clean, dry rags or mops, or use warm air.

## PROPERTIES

- Thin alkaline solution with a pH of 11.0 to 12.0 at use dilution.
- Non-flammable - no flash point.

## **PRECAUTIONS**

- Can cause eye and skin irritation. Wear rubber gloves and face shield or goggles to avoid contact.
- Do not take internally.
- In case of accidental contact, flush with water. If irritation persists, seek medical attention.
